## FACIALS

### INSTANT REFRESHER FACIAL

30 MIN 55

First, your skin is cleansed of residual makeup, pollutants, and pore debris. Next, an enzyme masque is applied to exfoliate layers of dead skin cells. A calming masque is then applied to soothe and refine your new skin. Finally, sunscreen is applied to your face and neck and you are refreshed and on your way.

### VITAMIN C INFUSION FACIAL

60 MIN 85

Antioxidant Vitamin C is the most effective way to repair and prevent the aging free radical damage resulting from environmental exposure. The most powerful formulation of pure Vitamin C is infused directly into the skin to restore skin texture, elasticity and firmness while fading pigmentation problems and diminishing fine lines and wrinkles.

### FOUR LAYER FACIAL

60 MIN 90

This luxurious European seaweed facial rejuvenates tones and helps firm the skin. The seaweed filtrate layer softens lines, adds moisture and helps rebalance and tone skin tissues. The hydrating layer includes a facial massage which improves circulation to blood vessels. The seaweed mask layer is a cool green aqua mask, which adds moisture, eliminates toxins and nourishes the skin. The mineral mask layer, the grand finale layer, is a thermal mask, which creates a more even skin tone. The results are impressive: younger looking skin with visibly renewed moisture and an after glow that lasts.

### CLASSIC FACIAL

60 MIN 75

This one-hour treatment consists of a relaxing facial with steam vapor, gentle cleansing, massage, exfoliation and extractions. A skin-specific mask application is followed by toning and moisture protection leaving your skin radiant!
